SUMMARY

- Aspiring Full-Stack MERN Developer passionate about delivering high-quality, user-centric web solutions.
- Proficient in JavaScript, React, Node.js, Express.js, and MongoDB with a strong foundation in UI/UX design principles.
- Skilled in implementing clean architecture and optimizing performance for scalable applications.
- Experienced in developing RESTful APIs, managing modern JavaScript workflows (Redux), and utilizing version control systems like Git.
- Committed to creating efficient, maintainable, and collaborative solutions that align with industry best practices.
- Dedicated to leveraging technical expertise to contribute to innovative and impactful projects.

SKILLS

HARD SKILLS

- | | |
|----------|--|
| Frontend | • React.js, Redux, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Bootstrap, Material UI, Shadcn UI, Responsive Design, Daisy UI. |
| Backend | • Node.js, Express.js, RESTful APIs, JWT Authentication |
| Database | • MongoDB, Mongoose, Database Design & Optimization |
| Tools | • Version Control (Git), GitHub, Netlify, Render |
| Testing | • Basic familiarity with Jest and React testing library |

SOFT SKILLS

- Communication, Strong Problem Solving, Time Management, Adaptability, Team Collaboration

PROJECTS:

Chatting App

- Built a real-time chat application with user authentication for seamless communication.
- Designed a responsive and user-friendly UI to display chats and users effectively.
- Technologies: React.js, Tailwind CSS, Vite, Socket.IO, Zustand

Portfolio

- Crafted a full-stack portfolio with smooth animations and mobile responsiveness to flawlessly showcase my skills and projects.
- Empowered user interaction with a sleek contact form and dynamic database integration for easy communication and seamless browsing.
- Technologies: React, Node.js, Express, MongoDB, Nodemailer, react-router-dom, react-animated-cursor

Cup Coffee

- Responsive website for a coffee shop featuring user authentication, service viewing, and messaging capabilities.
- The website includes an admin panel for managing users and messages.
- Technologies: Vite, React.js, React Router, Tailwind CSS, Axios, JWT, Node.js, Express.js, MongoDB, Mongoose

Logo Loom

- A free and user-friendly logo-making website designed for creating high-quality PNG logos.
- It empowers users to design unique logos and download them effortlessly with just a few clicks.
- Technologies: React.js, Tailwind CSS, Vite, ShadCN UI, Radix UI, Lucide Icons, html2canvas

Notes App Tracker

- Created a robust note-taking application with authentication capabilities.
- Implemented search and pinning features to enhance functionality and user experience.
- Technologies: Vite, React.js, Tailwind CSS, React Router, Axios, JWT, Express.js, MongoDB, Mongoose, Node.js

VideoVault

- A MERN stack website built with Bootstrap to create and categorize YouTube video cards.
- Features include drag-and-drop organization, autoplay on click, and thumbnail preview.
- Technologies: React.js, Bootstrap, React Router, Axios, React Toastify, UUID, React Feather

Nikee App Frontend

- A mobile-responsive e-commerce website inspired by Nike with a sleek UI and seamless UX.
- Features a fully responsive design and intuitive navigation.
- Technologies: React, Tailwind CSS, React Router, Vite

Simple Interest Calculator

- Created a responsive website to calculate simple interest effortlessly, featuring a sleek and user-friendly design
- Focused on seamless navigation and functionality.
- Technologies: React.js, Bootstrap, React Router DOM.

EDUCATION

Luminar Technolab (June 2023 - February 2024)

MERN Full Stack Developer Intern

- Completed a 6-month internship with further training in web development in the MERN stack.
- Developed and maintained full-stack applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Gained hands-on experience in building RESTful APIs, managing MongoDB databases, and deploying applications.
- Earned a certification upon successful completion of the internship, recognizing technical expertise and contributions.

Bachelor of Science in Computer Science (June 2020 - April 2023)

EMEA COLLEGE, KONDOTTY , MALAPPURAM

- Gained expertise in computer systems, algorithms, data structures, and programming paradigms.
- Led the development of a MERN stack project in the final year, showcasing full-stack skills and teamwork.
- Enhanced skills in problem-solving, software design, and new technologies.

Higher Secondary (June 2020 - April 2023)

GHSS KUZHIMANANA , MALAPPURAM

- Studied in the Science stream with a focus on Biology, Physics, Chemistry, and Mathematics.
- Developed a strong foundation in analytical thinking and problem-solving skills.
- Participated in academic projects and extracurricular activities.

PERSONAL DETAILS

- DATE OF BIRTH: 10-04-2001
- LANGUAGES: English, Hindi, Malayalam.
- GENDER : MALE
- NATIONALITY : INDIAN
